This family villa is partly reformed. This lovely villa has a wonderful panoramic Sea Views. This property just needs some final touch, most of the parts of the villa are renovated. The house consists of 3 bedrooms, 1 bathroom (possibility of the second one) fully fitted kitchen, laundry room, storage, parking for about 3 cars, a south facing terrace. Location is particularly good, just couple minutes by car and just 5 minutes walking. Close to the shops, supermarkets, bars and the restaurants. Also, just minutes' drive to the port and like 15 minutes to the Arenal beach.
